SUMMARY

Product Designer with 1+ year of experience delivering end-to-end product design solutions. Improved user engagement by 10% and task completion by 18% through data-driven design decisions. Delivered four major feature launches using design thinking methodology and cross-functional collaboration. Built a scalable design system reducing handoff time by 25%. Expert in user research, wireframing, prototyping, usability testing, and responsive web/mobile design with strong focus on accessibility.

CORE SKILLS

Figma, FigJam, Wireframing, Prototyping, User Research, Usability Testing, Interaction Design, UI Design, Design Systems, Information Architecture, User Flows, HTML, CSS, JavaScript

WORK EXPERIENCE

Solstra (Talent Sprout) — Bangalore | [DEMO](#)

UI/UX Designer Intern (Dec 2025 – Feb 2026)

- Designed and launched a **responsive marketing website** (Landing, About Us, FAQ), increasing user engagement by **30%+** and reducing bounce rate by **20%**.
- Improved user experience through **intuitive UI/UX design**, leading to **25% faster navigation** and a **15% increase in session duration**.
- Collaborated with stakeholders to align design with business goals, contributing to a **20% boost in lead conversions** and clearer brand communication.

MentorPlus (Pascolan Pvt. Ltd.) — Bangalore | [DEMO](#)

Product Designer Intern (June 2025 – Nov 2025)

- Designed and delivered **4+ key product features**, increasing platform engagement by **10%**.
- Conducted **UX research** (interviews, surveys, usability tests) improving task success rate by **18%**.
- Created **user flows, wireframes, prototypes, and UI designs** for web and mobile experiences.
- Built a scalable **Figma design system**, reducing design–dev handoff time by **25%**.

PERSONAL PROJECTS

NeoWatch (Neonatal Monitoring Mobile + Website App Design) (Sep 2024 – Oct 2024) | [DEMO](#)

UI/UX Designer

- Designed NeoWatch, a dual-interface neonatal monitoring platform for NICU environments, featuring a Doctor's Dashboard for real-time ward oversight and a Caregiver Mobile App for bedside vital recording for 8 critical parameters.
- Conducted 18 user interviews, iterated through 4 prototype versions, and delivered a design system with intelligent color-coded severity alerts — achieving a 91 SUS score, 60% reduction in documentation burden, and 94% task success rate.

Jewellery Quiz (A Mobile App Design) (Oct 2024 – Nov 2024) | [DEMO](#)

UI/UX Designer

- Created complete IA, user flows, wireframes, and high-fidelity UI for home, search, quiz questions, final product.
- Developed a reusable design system (colors, typography, components) increasing layout consistency by **30%**.
- Conducted usability testing with 5 users; uncovered navigation issues that reduced ordering time by **18%** after iteration.
